Illinois Environmental Protection Agency

Public Notice Proposed Renewal of the Clean Air Act Permit Program Permit for Texas Eastern Transmission, LP in Norris City

Texas Eastern Transmission, LP has requested that the Illinois Environmental Protection Agency (Illinois EPA) renew the Clean Air Act Permit Program (CAAPP) permit regulating air emissions from its natural gas compressor station located at 316 County Road, 700 North in Norris City. Based on its review of the application, the Illinois EPA has made a <u>preliminary</u> determination to issue a permit for the project and has prepared a draft permit for review.

The Illinois EPA is accepting comments on the draft permit. Comments must be postmarked by midnight May 5, 2006. If sufficient interest is expressed in the draft permit, a hearing may be held. Requests for information, comments, and questions should be directed to Brad Frost, Division of Air Pollution Control, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/782-2113, TDD phone number 217/782-9143.

Persons wanting more information may obtain copies of the draft permit and project summary at www.epa.gov/region5/air/permits/ilonline.htm (please look under All Permit Records, Title V, Renewal). These documents and the application are available at the Illinois EPA's offices at 2309 W. Main in Marion, 618/993-7200 and 1340 North Ninth St., Springfield, 217/782-7027 (please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.

The CAAPP is Illinois' operating permit program for major sources of emissions, as required by Title V of the Clean Air Act. The conditions of CAAPP permits are enforceable by the public, as well as by the USEPA and Illinois EPA. CAAPP permits may contain new and revised conditions established under permit programs for new and modified emission units, pursuant to Title I of the federal Clean Air Act, thereby making them combined Title V and Title I permits.
